

This Could Be Your New Office!

When you use our Companies with the One Page Easy App, you have a proven streamlined process that takes the time and “hassle” out of selling Universal Life & Term Life Insurance.

Your business is transmitted with greater ease and efficiency online. This is a quick way to submit term life insurance applications to West Coast (West Coast UL & Term) and a few other of our companies will do Term Life .

The Companies will obtain all information needed from the client and order any and all necessary requirements. You can submit these pre-applications online.

Go to www.MyTopAgents.com click on the button “Submit Online”.

Take note: **“Electronic Policy Delivery is here”!**

You will not have to get off that Island to make big \$\$\$!!
